

NEW! Credit-free workshop at GCC **Funeral Planning for the Living**

If you had died yesterday . . .

. . . what kind of casket would your survivors be choosing for you?
Is it what you'd want? Is there something else you'd prefer?
. . . how much would the funeral they'd be planning for you cost?
Does it need to cost that much? Just what are your options?

Make plans now, and give your survivors the loving gift of preparedness. Learn how funerals work, which decisions are best made ahead of time, and what your options and rights are. Embrace life by enrolling in this new credit-free workshop:

Funeral Planning for the Living

(CSW 433-2)
